To take into consideration the exploitation of human beings especially when it affects boys, girls and teenagers sexually, that violates the essential objectives of Tourism. CORAL HOTELS rejects any kind of sexual exploitation of girls, boys and teenagers in its properties and in its surroundings, as well as in the whole world on a general basis and particularly in relation with the travel and tourism industry.

We denounce and condemn any person that uses the touristic activity and his/her premises and services in order to promote, to provide or to tolerate the commercial sexual exploitation of boys, girls or teenagers.

The CORAL HOTELS Group has taken up the commitment to undertake the necessary steps in order to protect children against the sexual exploitation in relation with travel and tourism
